Matt,
That is the last version I have on file.
Chris

Hi everybody,

This is the last draft of Amanda's eco RA that I was included on. Does anybody have a later version?

Thanks,

Hi Amanda.

Thanks again for the opportunity to review this draft RA.

My comments and suggested edits are attached.

Thanks!

- Ben

Hi Ben,

Sure, COB tomorrow is ok. Thanks for the heads up. Enjoy sleeping tonight ☺

Amanda

Hi Amanda.

It's looking like I might not be able to get comments back to you until COB tomorrow. If you really need it by sunrise tomorrow (Wed.), I can make that happen, but could I have until COB tomorrow?

Thanks.

- Ben

Hi Ben,

If you could return comments by next Wednesday (9/15) that would be very appreciated.

Thank you!

Amanda

Hi Amanda.

Thanks for the opportunity to review. When would you like my comments back?

Subject: Oxitec eco RA draft

Hi Ben,

As discussed earlier today, attached is the draft ecological risk assessment for the latest Oxitec EUP amendment/extension for your review.

You'll notice that I've left a note in the document flagging a sentence where I intend to cite to a DER being prepared by the human health team evaluating potential tetracycline sources (no tetracycline=no females). The only impact for the eco RA is that if the evaluation only concluded "negligible exposure" in terms of female mosquitoes for certain counties, any county that did not have that finding would be removed from the EUP. The arguments underlying the eco RA itself would remain unchanged. Just an FYI- let me know if you have any questions.

Thanks,

Amanda
